

FUTURE LEADERS IN CHEMICAL ENGINEERING

An award symposium for undergraduate researchers
October 26, 2020

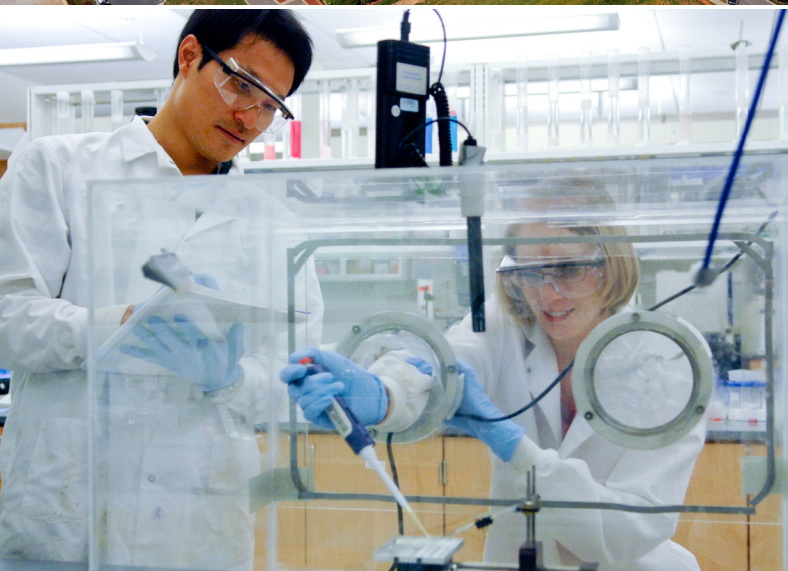

THE SYMPOSIUM

Future Leaders in Chemical Engineering is a research symposium at NC State University recognizing the top undergraduates in the United States. Due to COVID, the event will be held virtually this year. Chemical engineering researchers (and those in a related field) who are within one year of graduating are eligible to apply.

WINNERS

Awardees will receive a plaque and present their research at a research symposium **held virtually on October 26**. The symposium will also include information about applying to graduate school and fellowships. *Students must be present virtually to be eligible.*

APPLY

Applications due by **September 28**.
